Page 4682, Intravenously Injected SPIONs section, the text “To further validate the model, two datasets from mice with intravenously injected SPIONs were analyzed” should read “To further validate the model, two previously published supplementary datasets from mice with intravenously injected SPIONs were analyzed”.

The authors apologize for these errors.

### Publish your work in this journal

The International Journal of Nanomedicine is an international, peer-reviewed journal focusing on the application of nanotechnology in diagnostics, therapeutics, and drug delivery systems throughout the biomedical field. This journal is indexed on PubMed Central, MedLine, CAS, SciSearch®, Current Contents®/Clinical Medicine,

Journal Citation Reports/Science Edition, EMBase, Scopus and the Elsevier Bibliographic databases. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use.
